PROFILE

I am a dedicated Web Developer specializing in Laravel and modern JavaScript frameworks. I have a proven track record of building efficient, clean, and user-centric applications. Beyond technical development, I have experience as a programming mentor, where I enjoy sharing knowledge and guiding aspiring developers. I am highly adaptable and committed to continuous learning, consistently keeping pace with the latest industry trends and tackling complex challenges to refine my expertise.

WORK EXPERIENCE & PORTFOLIO

PT Kodingin Digital Nusantara

Senior Developer & CTO (Chief Technology Officer)

1. Developed a mobile-integrated IoT Smart Pump system designed for automated tire inflation, featuring real-time pressure monitoring and an auto-cutoff mechanism once the target pressure is reached.
2. ESG Data Acquisition: Developed a secure platform for corporate Sustainability reporting with multi-role authentication and rigorous data validation.

PT Elshad Technology Indonesia

Senior Developer

1. Developed comprehensive full-stack programming modules, simplifying complex technical concepts into structured and accessible learning materials.

PT Humma teknologi indonesia

Junior Developer - Team Leader

1. SIPJAKI Pasuruan (sipjaki.pasuruankab.com) Integrated construction data service system for Pasuruan Regency.
2. Web SMKN 2 Penajam Paser Utara (tracerstudyskada.com) Real-time alumni career tracking to improve school quality.
3. Sistem Informasi Manajemen Sekolah (mischool.id) Manage web and mobile-based digital school administration.
4. Mentor Kelas Industri Mentoring students in PHP, Laravel, and professional work culture.
